

## General Lawchek® information

**1. Drop Down federal & state search:** this feature allows a user to search 15 federal legal codes. It also allows for a search of almost every state legal code. ( federal or state codes are the actual laws written in a book) This feature is an extremely important part of our site. Other companies charge for this service, which we provide for free.

**2. Drop Down Search entry box:** this is the search box where you enter what you want to search for.

**3/4. Members Entrance:** When a client subscribes to our services they are entitled to a great deal more than just getting listed. ( see page on members benefits ) this is one place where they can use those extra benefits

**5. Sign Up:** Prospective clients can sign up online by clicking on this link.

**6. Directory Listing:** this feature allows users to search any state for the different legal areas they may need assistance with. This is also the area where most of our prospective clients will be listed. It is listed again here to make sure people see it.

**7. Lawchek information:** this is an important part of the site where users can come to get information regarding the history of the company, different resources in the company, and general information.
